MEMORANDUM FOR: Executive Director

SUBJECT : KY-3 Secure Telephone Requirements

- 1. As a follow-up to the KY-3 discussion in the DCI staff meeting on 6 November, I would appreciate a reaction from the Director's office as to the number of KY-3 equipments which will be required for him and his staff. I suggest that requirements for the installation of these equipments in the homes of the Director and Deputy Director also be included.
- 2. I am sending similar letters to the DD/I, DD/R, DD/P and the DD/S in order that they may also develop their requirements. Factors which we are requesting them to consider in compiling the requirements are:
 - a. The KY-3 will replace the KY-1.
 - b. The cost of the KY-3 is \$18,000. The Comptroller/CIA has ruled that this device falls in the category of an individual service item and therefore the expenditure of funds must be justified by each using office.
 - c. The Office of Communications is being hard pressed for funds to support accelerated communications requirements in general. The estimated additional funds for the switchboard and line rental (\$5,500 per month) and the maintenance of the KY-3 equipment (3 technicians) for this specific requirement will be the subject of a separate action to adjust the CTA budget and the OC ceiling accordingly.
 - d. The order for the initial production of KY-3's must be submitted to NSA in December of this year.

. 3.	I'd suggest that	you	appoint	someone	on	the	Directoric staff
to work	on this problem.				011	<u> </u>	Director a stair

MEMORANDUM FOR: Mr. Kirkpatrick

25X1

25X1

25X1

Pursuant to your request, I have been in touch with and of the O/Communications, and I have passed on to them your recommendations concerning the number of KY-3's required for the Director and his Staff.
For your information, our communication people here have contacted Colonel George J. McNally (White House Commo Officer) regarding the installation of a KY-3 in the office of the President's Board. 25X1 tells me that Colonel McNally feels the request for this piece of equipment should come from Mr. Coyne since the President's Board is the real party of interest. I have talked to Pat Coyne about this and he said that he would submit a request for the installation of this equipment. He also said that he would be talking to you later on in the week and that he would mention this to 25X1 you.
In my last conversation with he advised that had mentioned the possibility of getting a KY-3 installed in his office. I then checked with who feels that there is a need to have one in his office. Do you agree?
YesNo
